Beginning in '66 Vol. 43, six issues of usually 24 pages each were published each year. Dividing the page number by 24 [by 20 for '65 and earlier dates] and adding 1 to the result yields the issue number in that year.

This index is primarily for 1962-1991, but a few other significant entries are included. Although the scripture index is not exhaustive and is known to be imprecise, and other mistakes remain undetected, it is nonetheless hoped this compilation will be of some assistance to the Bible student and reader of *Bible Study Monthly*.
